Vehicle Rollover with Water Involvement – One Transported
December 11, 2025 – Elgin, Illinois

At approximately 9:09 a.m. on Thursday, December 11, 2025, the Pingree Grove & Countryside Fire Protection District responded to the 9N600 block of Kendall Road after a report of a vehicle leaving a driveway and overturning into a creek.

Upon arrival, fire personnel found a single vehicle upside down and partially submerged in water. One occupant was trapped inside. Firefighters quickly began a rescue and extricated the person within 10 minutes.

The patient had minor injuries and showed signs of hypothermia from exposure to the cold water. Paramedics provided on-scene medical care, and the patient was transported to a local hospital for further evaluation.

Two engines, one ambulance, and two chief officers from Pingree Grove FPD responded to the scene. The Kane County Sheriff's Office also assisted. Initial info indicates that ice on the driveway contributed to the vehicle leaving the road.

The incident is still under investigation by the Kane County Sheriff's Office.
