

FIREWORKS ARE ILLEGAL

In 2018 fireworks caused more than 19,500 fires.

Including 1,900 structure fires, 500 vehicle fires, and 17,100 outside and other fires. These fires caused five deaths, 46 civilian injuries, and $105 million in direct property damage.

Fireworks cause an average of 18,500 fires a year.

Due to dry conditions, fireworks are more likely to cause a fire.

Never let children play with fireworks.

10,000 people are injured every year from fireworks.

NEVER throw a firework at another person or animal.
